## **'Minehead Marauder' - Special Excursion Train for Charity**

First Great Western is running a special excursion train from stations in Wiltshire and the Bristol area for a day out in the picturesque seaside resort of Minehead on Saturday 10 May.

100% of the ticket price goes to 'The Railway Children' charity, which looks after homeless children who take refuge in railway stations across the world.

All railway staff are giving their time for free, and all costs of running the train have been waived by First Great Western, Network Rail and the West Somerset Railway.

There will be entertainment for children on board, and a raffle, plus free entry to Butlins holiday park (a short walk from Minehead station), and half price tickets on the West Somerset Railway's steam trains.

See the following timetable for details\*\*
